**Subject:** Re: SAB Biweekly Input

**Gold King Mine Emergency Response Activities:** Starting August 11, EPA has partially activated its HQ Emergency Operations Center (EOC) in order to provide support to response activities associated with the Gold King Mine waste release in Colorado. The EOC Water Desk is now actively serving as the nexus for water-related information requests and reach-back to OW technical experts. (Kevin Tingley 202-564-4619)

**Subject:** SAB Biweekly Input

Good morning All,

If you have any items for SAB biweekly input, please send them to me by noon 8/12/15.

Thanks,

Khin Cho
